Education

FAST NUCES Faisalabad
Bachelors, Computer Science, 3.53/4
6 Times listed in the Dean's List of Honour.

Experience

Dubizzle Labs Lahore
Software Engineer Apr, 25 - Present

- **Contributed to the full-stack development** of Bayut and Dubizzle's internal CRM, enhancing enterprise-level workflows and data management.
- **Architected interactive dashboards** using complex React components, featuring hierarchical tables and real-time data visualization for internal teams
- **Engineered reusable generic components** by integrating Redux for state management and React Hook Form, reducing code duplication and accelerating feature delivery.
- **Mentored associate engineers,** leading technical onboarding and providing codebase guidance to ensure high-quality contributions.

Cogent Labs Lahore
Software Engineer Oct, 24 - Apr, 25

- **Boosted App Performance by 40%** by restructuring legacy React components and optimizing WebSocket reconnection logic, reducing unnecessary API calls by 30% and cutting real-time data latency by 25%.
- **Led a 3-member cross-functional team** to deliver a mission-critical feature 2 weeks ahead of schedule, improving user engagement metrics by 15% through iterative feedback loops and Agile task prioritization.
- **Accelerated onboarding efficiency** by mastering 2 ongoing projects and team workflows, contributing to key feature deployments within the probation period while adhering to 100% of code quality standards.
- **Reduced production bugs by 25%** in Q3 by collaborating with senior developers to implement testing frameworks and code review best practices, conducting 20+ reviews to enforce project-specific standard

QBatch Faisalabad
Associate Software Engineer Jul, 23 - Oct, 24

- **Developed and deployed scalable MERN** stack web applications, leveraging Node.js and React to improve page load times.
- **Built a standardized Node.js/Express backend boilerplate** used internally, cutting initial development setup time.
- **Architected a high-privacy Proxy Browser** utilizing custom extensions, masking of identifiers that gives away the user.
- **Streamlined deployment processes** by configuring **AWS EC2 instances** and creating a guide for others to follow.

Skills & Interests

- **Programming Languages:** JavaScript (ES6+), TypeScript, SQL, Python, C/C++, Java.
- **Frontend:** React.js, Next.js, HTML5, CSS3, Responsive Design, Redux.
- **Backend:** Node.js, Express, RESTful APIs, Microservices Architecture.
- **Databases & Cloud:** MongoDB (MERN), SQL (PostgreSQL/MySQL), AWS (EC2, S3), Nginx.
- **Tools**: GitHub, Git, WebSocket, React Hook Form, Agile/Jira.
- **Professional Development:** Participated in Coding Guru, Daira 2022, Job Fair 2022, and ICIT Conference
